BIG BUBBA FLATBED MODELS BOAST A GVWR OF 100,000 LBS. and are rated at 70,000 lbs. in 10 feet and 60,000 lbs. in 4 feet — a legend that continues to set the standard for heavyweights. Not bad for a trailer that weighs an average of 3,000 lbs. less than any steel trailer even approaching Big Bubba's hauling capacity.

- One of the highest concentrated load ratings in an aluminum flatbed
- Available in fixed spread, slider, lift, multi-axle and drop deck versions
- Available with Reitnouer's full range of features and options
- Two times the trailer lifespan over steel/aluminum combination trailers
- Extended lifespan; improved load and/or fuel efficiency
- Backed by the best warranty in the trailer industry

FEATURES | BIG BUBBA®

Optional coil packages are additional center cross members for hauling heavier loads.

Optional tool boxes and dunnage racks can be mounted on either side and come in a variety of sizes and styles for both flatbeds and drop decks.

Hendrickson Intraax® suspension; All steel parts finished with Corsol® WB Corrosion Protection.

Multi-position tie down system offers flexibility to either tie down narrow loads to the center of the trailer or to the outside side rails.

Three-piece outside cross members can be added over tires for an easier blowout repair.

Optional sliding winches can be installed offering you the freedom to choose your tie down point.

Our goal is to serve the needs of our customers. Reitnouer trailers are customizable with a wide variety of factory- and dealer-installed options. Your Authorized Reitnouer Dealer can answer your questions and help you spec a Reitnouer trailer that meets your needs.
