dealer at reitnouer-trailers.com

REITNOUER'S SPECIALTY GLASS INDUSTRY TRAILERS ARE DESIGNED PRIMARILY FOR ON ROAD, REGULAR- OR HEAVY-DUTY GLASS INDUSTRY APPLICATIONS — SPECIFICALLY SHEET GLASS PAYLOADS. Available in your choice of flatbed, drop deck or double-drop deck versions, Reitnouer's glass industry trailers feature customizable goose necks, tandem axle with single or tandem sliding axle options and an air ride suspension. This A-frame, light-weight specialty trailer is made to minimize trailer tare weight while maximizing strength and payload. And, like any of our trailers, our glass trailers can be fully customized to meet your requirements with custom decks, custom load securement and more.

- Available in Flatbed, Drop Deck and Double-Drop Deck versions
- Tandem axle trailer with single or tandem sliding axle options
- T6 aluminum posts and slats
- Open body, flat deck and curtain side tarp styles
- Extra-tall exterior and walk-in floor to ceiling
- Full-width rear doors for accessing interior racks

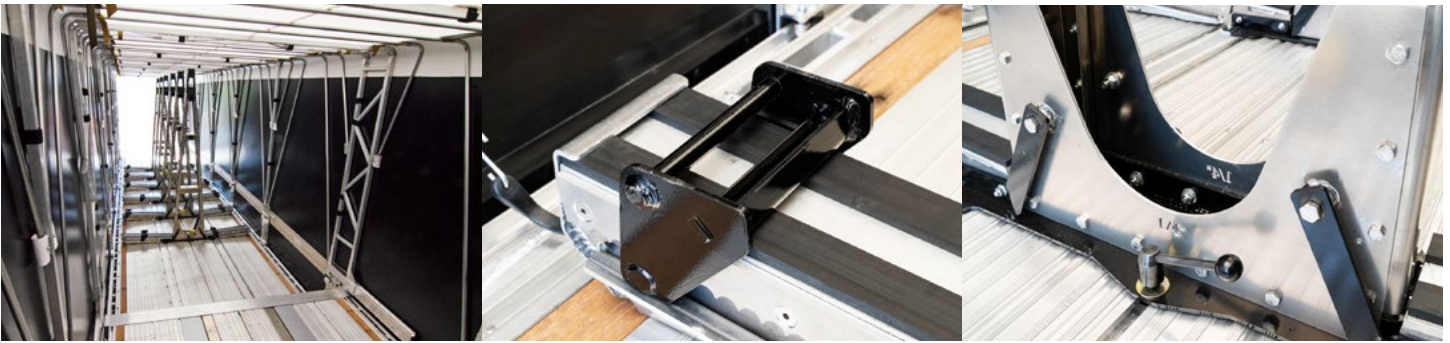

FEATURES | GLASS INDUSTRY TRAILERS

Fabricated glass rack frame is made from T6 aluminum and is accessible from either side of the trailer.

The rolling tarp system releases from the rear upper deck and slides forward transitioning onto the front upper deck providing clear lower deck clearance for loading of glass shipments.

Our trailer rear end has an LED lighting system with sealed harnesses and reinforced bumpers.

Maximum interior height and full-width rear doors allow for access to interior racks.

The adjustable strap stirrup keeps the strap close to the face of the glass pack for a secure fit.

The sliding A-frame assembly allows you to slide it to accommodate different sizes of glass or remove it so you can haul additional freight.

Our A-frame extension lets you carry glass packs that are about 12 inches taller than the standard A-frame.

The folding foot hinge lets you fold the feet up against the face of the A-frame when not in use.

Hendrickson Intraax® suspension; All steel parts finished with Corsol® WB Corrosion Protection.

Our goal is to serve the needs of our customers. Reitnouer trailers are customizable with a wide variety of factory- and dealer-installed options. Your Authorized Reitnouer Dealer can answer your questions and help you spec a Reitnouer trailer that meets your needs.
